

Duke Dementia Evening Care Partner Support Group

An open support group meeting for care partners of persons living with a dementia diagnosis is held to offer a forum for information and mutual support

Support groups can provide participants with the empowering reminder that they are not alone in their journey. The goal of our group is to facilitate connection, offer education, foster community, and further develop coping skills.

At this time, we are planning to meet virtually through the remainder of 2021. We will continue to evaluate the situation and offer plenty of warning if the group structure will change.

To learn more about the group, please contact [Natalie Leary](#).

Details

Meets the 2nd & 4th Thursday of each month (* denotes a change in the schedule) at 6:30 P.M. via Zoom.

2021 Schedule
