# CAREGIVER CONNECTIONS

## AN EDUCATIONAL WEBINAR SERIES

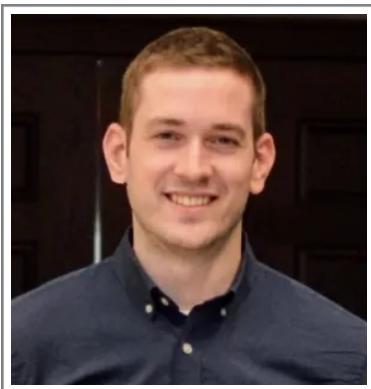

---

### Lecanemab for Treatment of Early Alzheimer's Disease

**Monday April 15th at 2:00 PM EST**

This presentation will cover the current state of clinical trial results and FDA approval of Lecanemab for the potential treatment of Early Alzheimer's Disease. Dr. Parker will discuss how Lecanemab works, who is eligible, the risks and benefits, and its costs and Medicare coverage.

#### Dr. Daniel Parker, MD, Duke Geriatrician

Dr. Parker is a geriatrician, memory disorders specialist, and physician at Duke. Dr. Parker diagnoses and manages cognitive impairment at the inter-professional Duke Memory Disorders Clinic.

His research interests center on understanding how diet and exercise improve brain health and reduce the risk of developing dementia.

**Can't attend the live event? Don't worry, all Caregiver Connections webinars are recorded and links to presentations will be available on our [website](#).**
