CAREGIVER CONNECTIONS
AN EDUCATIONAL WEBINAR SERIES

Caring Minds: Nurturing Cognitive Health
Through Aging and Caregiving

Wednesday, May 29th at 10:30AM

May's presentation will provide a brief review of cognitive aging and brain health, and will provide strategies to monitor and nurture your cognitive function and mental health. We'll learn how certain behaviors affect our brains and bodies, and hear more about how caregiving impacts cognition.

Marianne Chanti-Ketterl, PhD, MSPH

Dr. Chanti-Ketterl is Assistant Professor in Psychiatry and Behavioral Sciences and Associate Core Lead for the Outreach Recruitment and Engagement Core of the Duke-UNC Alzheimer's Disease Research Center (ADRC).

Her work with the ADRC centers in building trust with the community and reaching historically marginalized populations. Her research focuses on environmental factors that may influence cognitive function, Alzheimer's disease and related dementias.

Mark your calendars for June's Caregiver Connections with Galberth Health's Latoya Galberth on June 26 at 2PM on Living with Modifications: Functional Approaches to Day-to-Day Care.

Can't attend the live event? Don't worry, all Caregiver Connections webinars are recorded and links to presentations will be available on our website, along with information on upcoming events.

Click on this link to access the Zoom presentation the day of the event.
